

EASTERN SHORE PSYCHOLOGICAL SERVICES

Training Series

Developmental and Systems Approaches to Helping High Risk Youth and Their Families

Prevention, assessment, and treatment planning for high risk youth and families

- Youth that are at high risk for severe behavior problems often have trauma histories which can interfere with the development of vital life skills
- Toxic environments can prevent healing of trauma and the development of skills.
- Reducing behavior problems among youth and families involves the healing of trauma and the development of necessary skills in a safe, nurturing environment.

Presented by Dr. Kathy Seifert

Friday, November 11, 2011
